

Greetings from Research Centre, KLS-IMER, Belgaum

We are happy to invite you all to the **One Week Online Faculty Development Program (FDP) on "Analytical Tools - MS Excel, Tableau & 'R' language"**

Data is ubiquitous, but making sense of it is a significant task. To derive meaningful insights from data, we must understand, analyse, and visually portray it. This one-week online FDP intends to help faculty members and research scholars become acquainted with the powerful quantitative analytical tools like Microsoft Excel, Tableau, and 'R' from the comfort of their workplace.

Objectives of FDP

- *To familiarise the participants with Data Analysis using advanced options through Microsoft Excel
- *To understand basics of Tableau, add visualisation effects and interactivity through dashboards
- *Develop familiarity with 'R' statistical programming language and perform simple statistical analysis

FDP Details

The FDP shall cover

- * Excel Bootcamp (1 Day)
- * Analytics using 'Tableau' (2 Days)
- * 'R' for Data Science (3 Days)
