Grievance Redressal mechanism for Faculty, staff and students

- The Management Institute follows an open and transparent administrative system, encouraging faculty, staff, and students to express their grievances without fear of discrimination.
- Suggestion and complaint boxes are placed at prominent locations across the campus and in hostels to facilitate easy submission of grievances.
- All grievances and suggestions received are reviewed periodically by the Grievance Redressal Committee, and appropriate remedial actions are taken in a timely manner. The outcomes are communicated through notice boards and official institutional channels.

- In matters related to misconduct or indiscipline, a disciplinary committee constituted by the Director/Principal conducts a thorough enquiry by interacting with concerned individuals and witnesses, and submits its recommendations to the management for further action.
- Grievances related to faculty and staff, such as salary, promotions, service conditions, and workload, are examined by the Human Resources Department in consultation with the Director/Principal, and suitable corrective measures are implemented.
- Student grievances are addressed through Class Committee Meetings, Student–Faculty Interaction forums, and departmental meetings to resolve issues related to academics, evaluation, infrastructure, and student welfare.
- The institute ensures confidentiality, fairness, and timely resolution of grievances to maintain a harmonious academic and professional environment.

The Dean (Student Affairs) oversees student welfare and advises the management on necessary and appropriate actions.

Student Feedback on Institutional Governance / Faculty Performance

https://www.klsimer.edu/stakeholders_Feedback24-25.php

- The Management Institute has a structured and transparent student feedback mechanism to assess institutional governance and faculty performance.
- Students provide feedback on faculty members and academic processes once every semester using a prescribed and standardized feedback format (online/offline).
- The feedback collected is analyzed by the concerned committee and the Academic Leadership for continuous improvement in teaching–learning processes and institutional governance.

Institution's Innovation Council (IIC)

Institution's Innovation Council (IIC)

Our college has established the **Institution's Innovation Council (IIC)** to promote activities related to **innovation, Intellectual Property Rights (IPR), startups, and entrepreneurship**. The council comprises both **faculty members and students**, encouraging collaborative participation in innovation-driven initiatives.

The IIC cell conducts **quarterly meetings** to plan upcoming activities and review the initiatives carried out during the previous quarter. Through these activities, students receive opportunities to participate in various **innovation-related programs and competitions organized by the Ministry of Education (formerly MHRD)**.

Students actively interact with **renowned entrepreneurs, business leaders, and academicians**, which helps them nurture and develop their innovative ideas. The **KLS IMER IIC** also encourages students to experiment with **emerging technologies** and develop **prototypes**, thereby strengthening their confidence and practical skills.

Overall, the council provides students with a **supportive ecosystem that guides them from ideation to startup development**.

Major Focus Areas of IIC

- Creating a **vibrant local innovation ecosystem** within the institution
- Developing **startup and entrepreneurship support mechanisms**
- Preparing the institute for **Atal Ranking of Institutions on Innovation Achievements (ARIIA)**
- Establishing a **functional ecosystem for scouting innovative ideas and pre-incubation**
- Enhancing the **cognitive and creative abilities of technology students**
